

SPECIAL EDUCATION SELF REVIEW PARENT MEETINGS - DISTRICT DATES

The parent or guardian meeting is an important part of the California Department of Education's Special Education Self Review process for school districts.

This will be a chance for you to tell your district about the special education services your child has had. Your district is also interested in learning about your child's experiences in the programs the school district provides for infants, toddlers, children, and youth. They want to hear about what you think works and what areas could be made better.

Please attend the meeting at *your* child's/children's school district.

Call your district at the number included if you have any questions.
